building consulting and architecture

Kevin Wiegand, Registered Architect, Associate

Kevin Wiegand has over 25 years of experience in architecture, construction and real estate development. His projects have included multifamily, hospitals, public recreation, research labs, office, retail, restaurants & mixed use. Kevin's career has been focused on commercial design, building & development.

Kevin was always a hands-on architect and made sure all projects he worked on not only looked good but also were built & performed correctly. He takes pride in his ability to work with all members of a project team, from on-site contractors to the investors, and from architects to city officials. Whether as the team leader or a team member, Kevin knows the key to a successful project is when all members of the project team to work together.

As an architect Kevin specialized in the production/ review of the construction drawings, and the construction administration of projects. While doing development work, Kevin specialized in the due diligence and entitlement phase of the project. He worked with the municipalities and officials to represent the developers to find mutually beneficial development solutions that helped the developer meet the highest and best use, while providing municipalities with developments that benefit the community.

Kevin dedicates a significant portion of his free time to the community. Kevin sits on several community boards in northeast Denver. He is a board member of Greater Park Hill Community RNO, Park Hill Golf Course redevelopment committee, Prodigy Ventures and has been a member of the Transit alliance.

Kevin received has BA in Studio Arts (Sculpture) from University of Illinois at Chicago. He received his master's degree in Architecture from the University of Colorado at Denver. He is a licensed Architect in Colorado & Illinois and is also holds a real estate license in Colorado.
